Dear

You are aware that RKVY-RAFTAAR has been restructured as RKVY umbrella scheme by merging various Centrally Sponsored Scheme (CSS) such as Per Drop More Crop (PDMC), Rainfed Area Development (RAD), Soil Health Card (SHC), Sub Mission on Agriculture Mechanization (SMAM), Parampragat Krishi Vikas Yojana (PKVY), Agro Forestry and Crop Diversification Programme (CDP). As such States have to conduct the SLSC meeting for all merged components of RKVY and submit the minutes of the SLSC meeting to this Department for considered consolidated release of funds in respect of all merged components.

It has been observed that under restructured RKVY high unspent balance of previous year fund is reflecting in SNA 01 report of PFMS, due to which this Department is unable to release 1<sup>st</sup> instalment to many of the States under RKVY during 2023-24.

Therefore, the State Governments are advised to quickly spend fund available from previous years for the committed liabilities. They are also suggested to utilize the existing SNA balance for carrying out the current year works if that has already been approved by SLSC. This is an interim measure to ensure that current year activities do not get affected for want of funds & it will also result to bring the SNA balance down to release the funds for current year. However, the activity for which the funds were released in previous years should be completed without any exception.

With regards.

Yours sincerely,

  
(Ashish Kumar Srivastava)
