The SLSC meeting was held under the Chairmanship of Shri. Pankaj Kumar, I.A.S., Chief Secretary, Govt. of Nagaland (record of attendance of all Agri & Allied AHODs, HODs and other members appended).

The Chairman at the outset welcomed all the SLSC members and requested Agriculture Production Commissioner, Shri. T.Imkonglemba Ao, I.A.S. to initiate the agenda for discussion.

APC gave highlights of the SLSC meeting agenda where Agri and line departments are playing a key role in growth of state's economy. He also thanked to State Planning Department and State Finance for timely release of fund for the time bound agricultural activities.

APC stated that out of 12 CSS programs put up today for approval of SLSC, only 11 CSS programs may be considered for discussion and approval and a separate SLSC for RKVY will be held during middle part of June 2017. This is required due to the fact that it is mandatory to have officials from Ministry, GOI as GOI representative during the RKVY SLSC and also to have 20 days time for Ministry's comments and review.

On the request of APC, the Director of Agriculture, Shri. Helie Rupreo explained in short about the CSS programs implemented by Agriculture Department and thereafter, he requested the Joint Director of Agriculture (Planning) to give scheme wise power point presentation.

The Joint Director of Agriculture (Planning) gave detailed power point presentation of all 11 CSS programs, which was taken up in a phased manner followed by discussion.

1. Firstly ATMA, SEWP for the year 2017-18 was presented and deliberated in detail. Accordingly, the Action Plan for Agriculture, Irrigation & Flood Control and Land Resource Department was taken as approved.

The Horticulture Department requested the House for consideration of Horticulture Department Component under PMKSY. The APC commented that there was a lapse on the part of other Line Departments for not taking part while crucial discussion takes place in New Delhi at Ministry level and for which missing link in availing fund arises. After detailed deliberation the Horticulture's Annual Action Plan for PMKSY Micro Irrigation under Per Drop More Crop for 2017-18, amounting to Rs.300.00 lakh was approved by the SLSC which was as per the tentative allocation of the Ministry of Agriculture (RFS Division).

Secretary, Environment, Forest & Climate Change Department appraised the house for consideration of Sub-Mission for Agro Forestry (SMAF) amounting to Rs.150.80 crore for a period of 7 years and approval for Rs.2200.00 lakh for 2017-18 under NMSA. The issue was deliberated at length and also a similar point was raised by SLSC for lacking in co-ordination with Nodal Agency. The issue was further suggested for review and the SMAF proposal was deferred.

4. The Chief Secretary pointed out that the Pulses under NFSM be taken as commercial crop of the State so as to ensure food security and self sufficiency. NFSM (Rice, Pulses, Coarse cereals) with an outlay of Rs. 3557.75 lakhs taking into consideration the previous backlog was deliberated and NFSM (Jute) with an outlay of Rs. 57.78 lakhs was accordingly approved.
