3.	Establishment of Vermi-compost unit by the progressive and farmer's field in potential districts of the state @ 1.50 lakh for 60 units	90.00	<p>It is a good initiative, especially for the hill states of NER. While vermi composting is very popular in big states, it has not made inroads in NE States (except Assam). Therefore, the initiate of State of Arunachal Pradesh is laudable and we should consider the same favourably.</p> <p>2. The methodology and out put suggested are within the acceptable range.</p> <p>3. As the state is inching forward towards organic, availability of vermin compost and a business of vermin composting will be very good and help the cause of organic farming spread. Organic farming is already progressing in the state with commercial focus and paucity of organic manures/vermicompost is often cited as limiting factor and there is need for creation of such infrastructure.</p> <p>4. Under new guidelines of PKVY wherein incentive will be provided to farmers for organic conversion, inputs, on-farm input infrastructure to be provided as DBT for direct farmers account @ Rs. 310.00 lakhs will be provided per cluster of 1000 ha each for inputs.</p> <p>5.
